The Disclosure Code defines healthcare organisations (HCO) as:

All single entrepreneurs and any legal person (i) that is a healthcare, medical or scientific association or organisation (irrespective of the legal or organisational form) such as a hospital, clinic, foundation, university or other teaching institution or learned society (except for patient organisations within the scope of the EFPIA PO Code) or (ii) through which one or more HCPs provide services.

The Disclosure Code defines healthcare professionals (HCP) as:

Any natural person that is a member of the medical, dental, pharmacy or nursing professions or any other person who, in the course of his or her professional activities, may prescribe, purchase, supply, recommend or administer a medicinal product and whose primary practice, principal professional address or place of incorporation is in the Republic of Slovenia.

For the avoidance of doubt, the definition of HCP includes: (i) any official or employee of a government agency or other organisation (whether in the public or private sector) that may prescribe, purchase, supply or administer medicinal products and (ii) any person employed in the Republic of Slovenia whose primary occupation is that of a practising HCP, but excludes (x) all other persons employed in the Republic of Slovenia and (y) a wholesaler or distributor of medicinal products.
